DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement has been received and considered.

Conclusion

2. This application is in condition for allowance except for the following formal matters:

Regarding claim 1 lines 13-17 and lines 19-24 are not clearly understood, as phrased. Specifically the phrase "... between a brake off position, providing substantially unrestricted fluid communications between the working outlets and the working inlets, and a brake on position, providing restricted fluid communications..." is somewhat convoluted. The word "between" should probably be changed and the phrase(s) reworded to more clearly reflect what happens during the "on" and "off" positions of the control unit and valve respectively.

Claim 10 contains the same problems..

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
